## GUARANTEE

While I exercise the greatest care to have all trees, shrubs and plants sold by me true to name and free from disease, and hold myself prepared to replace, on proper proof, all that may prove to be otherwise, I do not give any warranty, expressed or implied, with respect to them. Any and all such goods are sold upon the express condition and understanding that in case any of them prove to be untrue to name, unhealthy or otherwise defective, I shall not be held responsible for a greater amount than the original price of the goods.

**All claims** for errors, deductions, etc. must be made immediately upon receipt of goods.

**Terms Cash**, except by special agreement.

**Transportation** at purchaser's risk and expense.  
**Packing done** in best manner at moderate cost. Grades carefully made at a high standard of excellence.

**My stock** has been examined by our State Entomologist and found to be entirely free from San Jose Scale and other dangerous insects and plant diseases. A copy of the official certificate will be sent to each purchaser.

**Rosa—**

**Spinossissima** (Scotch or Burnet Rose). A low shrub with small leaves and single white or pink flowers. The branches are usually densely beset with slender prickles. The foliage withstands our burning suns, and is persistent during the entire season. It is one of the very best of the rose species.

<i>alba</i> ; 2 to 3 ft.....	3.00	
<b>Zelkova acuminata</b> ; 2 to 3 ft.....	3.50	

## EVERGREEN TREES AND SHRUBS

I invite particular attention to my large blocks of Red Cedar, White Pine, Retinospora, and to my collection of Thujas.

In addition to our plan of root pruning and transplanting, most of our evergreens are sheared yearly, with the effect of producing dense, perfect specimens.

All evergreens sold at 50c. or more will be dug with ball of earth and the roots of each burlapped separately.

## HARDY HERBACEOUS PERENNIALS

I have a special contract with one of the most careful growers in the country, permitting me to make very favorable prices upon a large assortment. Quotations cheerfully furnished. Send a list of wants for estimates.

***Tsuga Canadensis***

All of my Evergreens are transplanted at frequent intervals, and in addition are root pruned yearly in August.

It is my custom to give ample room in the Nursery rows, to allow for the development of each individual tree, so that nearly all of my stock can be best described as "specimens."

An increasing trade is showing its appreciation of prompt service, courteous treatment and choice stock carefully handled.
